taught   in the faculty.   But we started in with these twenty-five students
and our faith in God.XXXXXXX We had no salary, we had no building, we had no assets, so we called
it Faith Seminary - we had nothing but our faith.   And we went ahead and we grew each year
and after four years we were given a very fine mansion in Wilmington which served our pur-
pose wonderfully until we became too large for it.   Then the Lord provided this place here
and we moved up here   (10.)
And so our testimony at Faith is a testimony for the Word of God and the testimony of the
Lord Jesus Christ.   And our history is the history XXX which we find in Matthew 16 which
                    repeatedly these days - that in these days in American when Satan is
grabbing institutions and grabbing old denominations and turning them away from the Word of
God, we are standing for a forthright, out and out witness for the Lord Jesus Christ.   That
is our testimony, that is our slogan.   We stand for solid training - we've always stood for
it.   We believe that -   I believe that God may choose   have no more training
than   God may use someone with no
brains at all but it is not   usual.   Usually He expects His people to be thoroughly
trained.   We believe in thorough training in order that we may   effectively serve Him.   We
believe in a training which results not in   but in

to me, "You know I listen closely when Dr. Machen says   just what
he says so I won't   wrong."   Well I
        imitate any man, even a wonderful man

(12.25) I must have said a hundred times, "Don't follow me. I'm a   I'm

me some time, you're going to start following somebody else that may not be
Don't follow any man, follow the Word of God.   We are anxious here to teach you some methods
of interpreting the Word. We're anxious to give you the evidence that this Word is Truth and
can be   .   We are anxious to show you the clear evidences for the great things
of the Word of God.   And we hope you will be   But when it comes
