

## 17 Isaiah Sees the Savior

2. God's provision for deliverance from exile; the king of Persia as deliverer
3. The reason for the sharp transitions that occur so frequently, particularly in chapters 40 through 48; the "symphonic structure"
4. The unusual treatment of sin; Isaiah's method of making clear the real cause of the Exile
5. The special importance of chapter 40 and its difference from the following chapters

Up to this point all quotations have been taken from the King James Version. In subsequent chapters, quotations from Isaiah 40:1-56:8 will always represent the author's own translation from the Hebrew, unless otherwise indicated, while quotations from other books of the Bible or other parts of Isaiah will use the King James Version.
