

This passage in Numbers 31: 48 to 54 are very interesting problem and I note this reference, Exodus 30:16 and I'm not sure just what the relation ~~reference~~ is. Shall we come back to it a little later and look at other things first. The basic problem just at the moment seems to be is the cloth there a cover or is it washed? And as far as this particular passage there in Numbers is concerned it seems to fit with either one, cover or wash - seems to express that these men ^{--thought they} had a responsibility to the Lord because they'd numbered the people. 1½ to 2 - student. Oh, you mean that that is a cloth ~~there~~ there and not in relation to God but relation to ...?

...Gen. 42:21, well that was, that was an interesting question. How to compare the uses of God. Now we get to the place where it's the relationship to God. How many can find where it's the relation? That can very often be. That right? Only two or three? And what are they, what is that? What is the reference? Gen. 32.20, II Sam. 21.3. Student asks question - Yes, but in that particular ... that might be relationship ...oblation for the Lord.

They told them they didn't want the children going ... when....., in other words, how could He wash away the stain ~~against~~ ^{against} the old Israelites had made before the Lord? Question.

Now you say cover or wash, ... now you say there's a third one? Proverbs 16: Oh, wash away or to cover, clear, isn't it?

I noticed this.... here is translated in Ex. 21:30..... Num. ?

I Sam. 12:2 -

Isaiah 40:8 - ransom, riches. Prov. 21:18, ransom.
