

what was found there supported some of the previous conclusions drawn from a small amount of material that was found. I don't know. I don't know what the anthropologist needs to reconstruct some of these individuals. But I would say in a lot of cases he doesn't have much to go on.

(Question from the audience)

(Answer not intelligible/^{either}for quite a time here.)

What did you say the half life of carbon 14 was?

The half life of carbon 14 is in the vicinity of 5500 years.
