

took millions of years. Somebody else says, "Well couldn't the Lord do it in 24 hours?" Sure, the Lord could do it in two minutes. The Lord could do it in one second. And I don't know how long it took but I don't think the word "day" proves it one way or the other. And my guess is a long period. So my opinion is that these six days together would make up the 3 billion years we've just spoken of over here. But that's purely guess. The Bible says "a day" and a day is a period of time but is it short, is it long - the Bible doesn't tell us and we just don't know.
