

## Symposium on Creation

- 1 MC  
MacRae
- 2 Dependability of the Bible  
Interpret words as they are used in context.  
Words are areas, not points.  
Extent of a day in Gen. 1 (Question # 1)
- 3 "Day" in Alaska never 24 hours  
In Gen. 1 - "day" less than 24 hrs.  
In Gen. 2 - "day" more than 24 hrs.  
"Day" = period of time
- 4 Length of 3rd day perhaps several million years  
Fifth and sixth days a long process
- 5 Evening and morning = a figurative expression  
Concludes first question on extent of day in Gen. 1  
When was the world created? (Question # 2)
6. The Bible does not say when  
Creation of man  
Speculations re date of man's creation
- 7 Usage of "son" = descendant  
Usage of "begat" = ancestor of
- 8 More on "begat"  
When Abraham lived - at least 3000 B.C.
- 8a The time of creation not revealed to us  
Evolution  
The word ~~itself~~
- 9 Evolution an unproved theory  
"after their kind"
- 10 Creation of man  
Jesus approved Gen. account of creation  
Evolution theory contradicts basic Bible teachings
- 11 Gap theory
- 12 No conflict between Bible and Science  
MC  
Willits - age of world
- 13 Geology - fossils - rock strata  
Types of rocks
- 14 Rocks and age of earth  
Astronomy and age of earth
- 15 Calculations based on astronomy more accurate than those  
based on geology.  
Chemistry and calculations based on it. More accurate than  
calculations based on the stars, which in turn are more  
accurate than educated guesses of the geologist.
