

such as to take them ~~w~~ right where they wanted to go. No, it might be the Lord's will to ~~make~~ make them ~~fighting~~ fight against ~~obstacles~~ obstacles, and push forward to accomplish them. God may send ~~x~~ circumstances easy to accomplish His purpose. He may send ~~x~~ circumstances to make it difficult for us, in order to strain us and develop us, so that we can meet more difficult things. There is a story about Martin Luther ~~wh~~ that I like very much. Martin Luther, when he was asked to go to Worms to appear ~~f~~ before the Emperor, ~~the~~ on the way they permitted him to preach in the different towns that he came to, and the Imperial ~~an~~ Ambassador was with him, ~~and~~ bringing him before the Emperor to answer for the charges that were against him, and some of the people wanted to ~~w~~ know what he had to say, and other people were curious as to what this fellow looked like, but he always used the opportunity to preach the gospel. And in ~~w~~ one place he got into a church and so big a ~~h~~ crowd came in that it overstrained the place and one ~~w~~ wall fell out, and the people said the very wall of the church falls when this man preaches in it, and ~~said~~, said, we better get a way from him, and they started to run, ~~w~~ and Luther called out with ~~a~~ that great voice of his, and ~~said~~ said, Come back, come back, the devil is going to keep you from hearing the ~~w~~ ord of God. Is it the Lord, or is the devil, well, it depends on whether it is a ~~dv~~ancing ~~god~~ God's will or whether it is retarding it. Circumstances are something that we ~~sh~~ould ^{and} ~~go~~ go beyond top ... and ~~use-them~~ using for God's purposes rather than something that we allow ~~to~~ them to control us, and force us in one direction, or the other. God has given us His Word, and from His Word that we learn what His will is. There was one man who said, I am going to find out what the Lord wants me to do. I do not know what He wants. Let us just open the Bible. So, he opened the Bible, and he read, Judas ~~g~~ went and hanged himself. Well, he said, that is not much help. So, he opened it again. Here it says, Go and do likewise. Well, he said, that is not much ~~help~~-help. Let us try once more. So, he tried again, and again he read, Do what thou doest quickly. They say you can prove anything from the Bible. That is just about true.
