

here. And in this ~~pond~~- pond farther ... far end of it there were four beautiful swans. The swans were swimming along there. It looks so pretty, trees behind. Just you could not think of more peaceful and idyllic scene than the lovely pond with trees behind. This great big pond, there were just four swans swimming there.

Adn- And as ~~we~~ we looked, a duck came waggling ~~over~~, and waddled into the pond, and all of a sudden that happened, the three of swans left the other swan over there, and then dashed a length of the pond. You would not imagine that the swan would go that fast. And they ^{got} ~~go~~-th to this duck and they began biting its neck and drove it out ~~of~~ of the pond. They were not going to have the ducks in their pond. And this woman looked at it, ^{ment and} and this young woman who studied the social better/improvement of the world looked at it, and her eyes grew as big as big saucers. She turned to us and she said, Why, that is unsocial. And she was shock~~ed~~. The four swans with a big pond lik~~e~~ this to themselves. They are not even willing to share it with a duck. How can you understand why the nations rage? Why is there selfishness? Why is there greed? Why do people who have plenty want more? Why is there fighting and fickering in the world? Why are the nations raged? The Bible tells us the answer. It is because of sin. It is because man has~~te~~ turned away from God. And man has ~~thought~~ sought his own way. And man is determined to do ~~it~~ everything the way he wants it. And the ~~result~~ result is that instead~~in~~- of living together/ in peace and happiness, they way God intended that we should, the nations are raging and this people say,- who say that we should just be sweet and nice to everybody, and everything is going to be lovely. Why don't they go to the logical extent, and do away with our policemen/~~altogether~~? Do away with police and do away with locks on the door. ~~ME~~- I do not think that many of them would recommend/^{going} that far. Because they know very well what terrible situation will develop/ in a world in which there is sin and defiance of God. But here is the description of the situation you have always found. Perhaps never more than today. Why do the nations rage? And the people imagine a vain thing. This is an interesting statement. People imagine a vain thing. They imagine. They-plan,- They are planning. They are dreaming.
