

so much difference whether you think of this earth going around the sun or the sun going around the earth. And I believe your relativity experts will tell you today that we cannot be too sure now which goes around the other. All we know is that they are in a relation to each other. And it is a little simpler to ~~imgin--~~ imagine that-- that the earth goes around the sun than the sun goes around the earth. And now in these last fifty years they tell us that they found that our great system that has twenty billion stars in it, many of them are many times as big as ours is only galaxy and there are ~~tweyt-~~ twenty billion galaxies. Well, the mind just goes dizzy when you think of it, and he that sitteth in the heavens ~~∕~~ shall laugh. ~~This-little-man-here~~ He sees this little man here saying, I have conquered ~~the-~~ space. We sent the man hundred miles, and there a hundred miles from the earth, ~~-and-~~ they got out of the capsule and got back in ~~agian-~~ again, and say, I have conquered the space. We have done a tremendous thing, ~~have~~ we not? spending millions of dollars.

Or what shall a man give ~~∕~~ in exchange for his soul. Yet, ~~you~~ look at the world today. You see people following this and that, and everything else ~~except~~ the word of God. Following that which will give them a little pleasure a few days, a few years perhaps, then it is all over, instead of following that which is ~~Edfs--~~ God's will that our lives may count for him ~~∕~~ for all eternity. You find people, you find those who are even saved so easily ~~so-easily-~~ led astray this way. And one of those who are lost ~~is-~~ and one of those who failed to realize that if a man shall gain the whole world and lose his own soul, it is worth nothing to him, but if man looks to Jesus Christ, and be saved through him, then his life is worthwhile through this world and through ~~the--~~ all eternity.

Let us pray. Oh, God our Father, we ~~tdrh--~~ thank thee for this message.
