Dr. McIntire: TKXKM Thank you Dr. MacRae. Wasn't that simple? A man that is a great scholar and teaching our future preachers and missionaries to stand here tonight and give us such a simple beautiful exposition of that passage.

Now beloved, I cannot go on with this program tonight without stopping right here and giving an invitation. You know, I like to hear Dr. MacRae because he has such a direct way of presenting these things. They just are so logical, so orderly, and he got the roundness of the earth out of that passage tonight. Did you ever see that before? How many of you can honestly say you saw that the earth was round in what Christ says about the rapture? Just one or two of you. But you all saw it didn't you? How could one come out of the bed while the other comes out of the field? The Lord in telling us that would happen in the twinkling of an eye and that every believer would be involved is included in the idea that the earth is round. Isn't it strange how these modernists talk about Jesus accommodating Himself to the ideas of His MXXXXX day? They don't know what they are talking about, they are all unbelievers. Beloved, that passage says If thou, --- it doesn't say if thou, it says if you believe that Jesus died and rose again . . . Now I believe that, you believe that. He died and rose again. That's all that's necessary for you to believe to be in the rapture. That's all that's necessary for you to believe in order to be saved. That's all. I'm going to present this invitation. The same man that wrote this - Paul - also wrote the passage in Romans 10 which says, That whosoever shall call upon the name of the Lord sall be saved." And he says, Faith comes by hearing and you heard it tonight.
