4 10/11/72 chapel 1 Thess. 4:13-18

But that is not what Matthew Arnold meant. Matthew Arnold believed that but he was using the word Rapture in the sense -- directly from the Latin -- of being snatched away, being caught up. And of course that has been deteriorated you might say in the usage of the English sense simply to mean we are caught up with joy, rather than that we description are physically caught up. But here it is the deseirption of the catching up of the church -- the rapture of the church. What a tremendous event that is going to be. Suddenly we are told. the Lord descends; the voice of the archangel, the trump of God; the dead in Christ rise; and we are who alive and remain will be caught up together with them in clouds. What a tremendous event that will be. What an event it was to the disciples when they talked with Jesus after the 40 days and as they talked and wondered about what he was explaining and tried to understand it better; when they wondered how they were to witness to the Lord in Judea and in Samaria and unto the uttermost part of the earth , and they were thinking about this that they laid before them. Suddenly He began to how much go up into the air. What an experience they had there. But what a greater experience it will be when we all are caught up to meet him in the air. What a marvellous experience that isgoing to be. We will be caught up together with them in the clouds.
