

the pilgrims came. We ~~he~~ hear so much about the pilgrims , sometimes you think nobody else came that way. But look Ga., the great multitude of the settlers in Ga. were people who were persecuted in Europe for their faith, and who were looking for a placd where they could worship God without persecution, and ~~Ed~~ Ga. <sup>and its</sup> <sup>is</sup> was opened up to them ~~As-a~~ foundation/of a place of ~~reg ref~~ refuge to which people could come to worship the Lord. And group after group in this country came ~~to~~ here for that very reason, and America was founded, the U.S. was founded upon the basis of seeking to understand the Bible and seeking to build a civilization that would be true to the Word of God. But for the last ~~to~~ 40 years at least we have ~~to~~ had in this country a brainwashing . I select 40 years ago when I was in ~~collge~~ college teaching that tried to down grade the Bible , downgrade ~~Christai~~ ~~Christai~~ Christianity and to downgrade Americanism. I was interested even lately in picking up the encyclopedias Britannica and looking at the Atlas volume to see how interesting it is the way they arrange the map. They start in with the maps of ~~Europ~~ Europe and Asia and they stick America over toward the back. Well, you might say that's a very ~~to~~ polite way of doing it, to put ourselves last. Well, when I was a boy a map started with our ~~ou~~ own country, and after all, something published here , you can~~x~~ expect the people's first interest ~~to~~ would be ~~that~~ in that which is near them, but ~~he~~ the attitude which has been ingrained in people in our colleges has been is what Americans~~should~~ is sort of to be ashamed of in-our background, be ashamed of our ~~Christa~~ Christian heritage . Our leaders to a great extent rejected knowledge and a generation has ~~gw~~ grown up that is woefully ignorant , both of the Word of God and of the meaning of salvation through Christ and also of those ~~fundatme~~ fundamental principles taken from the word ~~fm~~ of God which ~~axex~~ American's ~~to~~ civilization was based on . The Biblical ~~pin~~ principles of private ~~pe~~ property and of free enterprise , those principles which are founded on the Word of God, those principles which had so ~~to~~ much to do under God in making our nation great have been belittled and criticized , in fact, in our colleges
