

which is right, and we don't have to get a new meaning to follow the word of God and to separate ourselves from that which is contrary to His will. But God does not when we commit a sin simply throw us aside. If He did, there would be none of us left. God has a wonderful mercy, and God shows His mercy to Hosea here. Here is Hosea, he once to serves the Lord, and yet he says, I can't live without this woman, you can say these things about her relatives, about her background, about her own family but I don't believe a word of it, I just don't believe it. I can't live with out her. God says Go, marry a woman of whoredoms if you are determined to. God says But you will suffer for it, but God will use this method. God makes the wrath of wicked men to praise Him. And if we make mistakes. If we do what is wrong --if we fail to follow Him, don't think our life has been ruined and all we have to do is mourn the rest of our lives for it. No, put yourselves in line with God's will as well as you can and look to Him and even your mistake He may use as a means- means of His glory. And so God says Hosea, you made a terrible mistake, you followed your will instead of mine, but I know you want to follow me. I know you want to be true to the Lord. You made one serious mistakes, it's going to bring you a misery, such as few men have experienced on the this world, but through you and your experience with this woman, I am going to give an expedition of my relation to my people of my will. And so here was Hosea tied up with this woman, who soon proved to be the type of woman that Hosea's friends had warned him that she would prove to be. She proved to be such as the average man would say I have a perfect right to be free from that woman forever. The way she is acting, there is not a no reason I should stay true to her. Hosea says I made a vow in sincerity, I vowed to be true to this woman, and no matter how she has turned, I am going to be true a to her and to ~~be~~ do the best I can for her and to try to bring her out. And God said through Hosea's yearning love this woman who had proved so unfaithful to him, God is going to show ~~us~~ the nature of His love to the people and God
