

If we do there is no knowing How He may use our energies. He will come back and see the one has accomplished a great deal. Here is another one, we don't see much he has accomplished but the Lord sees, the Lord knows what he has accomplished. He knows how much of your talents you have buried in the ground and how much of them you have used. He knows whether you have been slothful, or whether you have worked hard to accomplish His purposes. He knows whether you have worked hard but unwisely, and He wants you to work but He wants you to work wisely. Study your talents to see how you can develop yourself, how to accomplish for Him.

Oh may the Lord enable us so to run that we will accomplish. May He enable us each one to develop our talents, to use our talents for His purposes so that at the end when He comes back He will say, Good and faithful servant enter thou into the joy of thy Lord. Let us pray:

Our Father, we thank you for your Word, for the many faceted truths that it contains. But Oh our God how easy it is for us to become slothful. How easy it is for us to become lazy, to spend our time doing that which we enjoy, instead of doing that which accomplishes for you. To be satisfied with our development as it is instead of trying to develop our talents so that they can accomplish more for our Saviour. Our God help us not to be slothful servants but to be diligent, to be active, to be wise in our use of our talents, and to so spend our talents, and to so spend our lives that when our Lord comes He will say, Good and faithful servant enter thou into the joy of thy Lord. We ask in Jesus' Name. Amen.
