

in the little mining ~~town~~ town in PA. as a dreary wasted portion of his life. Yet the young man and woman who had attended his Bible class so faithfully, established a Christian home. They raised three boys who devoted their lives to the Lord, who accomplished a great deal for God's work. They held Bible classes in their home during the next 30 yrs., and led great numbers of souls to the Lord. As this minister looks back on his life, he ~~may~~ may think of those two years as a wasted period in his life, yet when we think of the accomplishment by this young couple whom he led to the Lord and of the ~~accomplishment~~ accomplishment of their three sons, who can say but what the minister accomplished during those two years was more than all that he accomplished during the rest of his life. You never know what part of your activity is really important in God's sight, and what part is not of must -- is not to have much result. You never know what part that seems to have not much result may be tremendously important, while the part that seems to have great result may be simply because you were placed in a strategic position. One of our graduates of a good many years ago, went to several churches where he worked hard and accomplished a considerable ~~amount~~ amount of good, but never had any spectacular effect. Then he was called to a certain church, some distance from where he had been before. When he got there he found that the previous minister had worked very hard indoctrinating the people ~~th~~ in the Word of the Lord. This minister told me that in his first 6 months there he had 200 people come to the Lord and blossom out into active Christian work. He said he ~~th~~ had never had an experience in his life like it ~~th~~ before. All of his previous experience entered into to preparing him for this, but the field had been prepared by his predecessor. God put him ~~th~~ now in a place where he seemed to have results far beyond what he had. We do not know what God's plan is for us. We do not know where we fit into His particular plan.
