

Let us pray: Our Father we thank you that we can understand what the will of the Lord is. We do not expect to understand all the mysteries of the creation--no man on earth possibly can. That is not your intention. We can learn to understand a great deal, but your purpose is to use us to remove the mist of unbelief that (indistinct) false ideas are before so many people today and to help them to turn to Jesus Christ the Saviour, and to help your children put their emphasis on the things that really matter and to move forward and become the jewels that you want us to be and to be your tools in bringing the knowledge of Christ to a world that so needs it. Our God we pray that you would help us each one this year to grow in grace and in the knowledge of God. If some of us have terrible fightings with sin, help us to look to others for help in these situations and help those to whom the look for help to give that is needed. Help us in our studies this year to make real progress. Help us to learn to meet the problems and difficulties of the world that is in such misery in so many ways. Help us to grow in the knowledge of your Word and to gain the tools ~~xxxx~~ to interpret it aright. Help us in all things that Christ may be exalted. We ask in Jesus' Name. Amen.
