how this man would come/in such a courtly fashion would bow before her. Occasionally
he would fail to come and then he would tell her that it ^{had been} raining and his
mother would not let him go out of his house, even though he was nearly 50 years
of age/ at the time. But he would give her instruction in Chinese classics; however,
she explained that half of the instruction that was given her was in the teachings
of Confucious, and the man was a very ardent Confucianist. After about three
years... after two or three years/ of this instruction he was taken with cholera
and died but he made a lasting effect upon her life. And as we read the book
that the girl wrote/ ⁱⁿ later years we find repeatedly that she was so indoctrinated
in the Confucianism that ~~to~~ her Christianity is a ~~snare and~~ snare and
delusion. And Pearl Buck's ~~novels~~ ~~are~~ ~~novels~~ ~~are~~ ~~not~~ ~~for~~ ~~sale~~ ~~nearly~~ ~~every~~ ~~new~~ ~~stand,~~ ~~and~~ ~~thousands~~ ~~of~~ ~~people~~
and biographical ~~notes~~ are for sale nearly every new stand, and thousands of people
are indoctrinated by her anti-christian teaching of this daughter of a most
~~saturn~~ Christian missionary in China. He desired that his daughter be well,
educated, but he did not take time or the effort to see that she should get..to
enable her to receive a Christian education. American education was begun by those
who were determined to... who were anxious to train the children in the precepts
of the word of God. Harvard University was founded for the express purpose of
~~training~~ training sound ministers of the Bible. Most of our old institutions
had a similar foundation. This was the explicit purpose, the teaching of the
Christian character and American ideals, ~~if~~ is stated in the explicit purposes
in the beginning of our β schools almost on every level; yet, today the bulk of
these schools are denying the Christianity instead of promoting. Instead of
promoting the Americanism, they are ridiculing the founders of our country and
belittling the American ideals.

Just recently I received a letter from a professor in the ~~Department~~---
Department of the Oriental Studies in the β University of Pennsylvania telling
me that he had been asked by a professor in the Asian Studies in ~~New-y~~ the University
