

- 1 Harvard professor's talk on the "little imp under the hood of the car that makes the car go."

Marvelous complexity of the human body. Cell structure; the brain, etc.
Behaviour of ~~what~~ water when it freezes. Without it life could not continue
The world forgetting God.

The French revolution when a man stood up in the chamber of deputies
and defied God to strike him dead if He exists.

- 2 Fortunate you cannot wear out God's patience in a few minutes
God sent a little insect to finish off the blasphemer.

Titanic-- the safest ship ever built. Unsinkable. How it sank

- 3 Missionary work done in New Mexico after first year of seminary
Man who apologized for his foul speech
Woman who used profane language after he left the house
Realize God's presence all the time.

- 4 God interested in the small things as well as the big things of life
Hike up Mt. Badenhuell and how God in His kindness enabled him to
reach the top by having two young people on the trail above to
pull him over the gap.

- 5 Be conscious of God's presence at all times.
Keeps from sinning

- 6 Be concerned about what God thinks of your message more than what people
may think of it.

Study Job

Sermon not Christian unless it brings out the way of salvation clearly
