

Let us pray. O God our Father we thank you for the teachings of our Lord Jesus Christ. How important it is we keep pure and unspotted from the world. That we keep keep harmless as doves, that our message be undefiled and our lives such that we need have no fear of scrutiny. O our God help us truly to be such that you can use. We pray that you will help us to study to be effective servants of God. Help us to study to study to do the things now that will make such a difference with our effectiveness later. Help us to get the languages now so that in years to come it will not be hard for us to get into your Word to see what the message is but that we will have the main points so clear that it will be easy to get into it and read it and get the blessing you have for us there Help us to learn to speak effectively, to learn to deal with people, to learn to handle various situations that we will not be simply in a corner but that we will be shining out the light and accomplishing for Christ. We ask it in Jesus' Name. Amen.
