~~is not~~ / ~~is~~ not from Communists, but from anti-Communists. In other
 words follow the propaganda/~~that~~ ^{that} is so ~~and~~ widespread in ~~in~~ certain circles
 in our universities, ~~in many newspapers, and that is found to quite an~~
~~extent~~ ^{one} in many ~~new~~ newspapers, magazines and television shows.

If the United States will carry out the four means just mentioned there
 is a ~~very~~ strong probability that the Cold War will end before many years. It
 will end, ~~however, not directly as a result of these actions, but~~ ^{these actions} because they
 will make it possible for the originators of the Cold War to find opportunity
 suddenly to change it into a hot war in which we shall be destroyed, or to
 secure control of enough vital spots within our nation to cause a complete
 overturning and make there no longer be a strong force in the world
 opposing the onrush of Comj;unism. If this is done, then Communist dictatorship
 can be extended over our land as well as over the rest of the world. There will
 be no further need of a cold war. Those who do not voluntarily surrender to
 Communism can be liquidated; those who surrender, but not voluntarily, can be
 reduced to slavery, and the Cold War will be merely a thing of the past.

It would be a fine thing to end the Cold War. However, actually there
 are only three ways in which it can be done. It can be ended by Russia if ~~it~~
 she will carry out the five steps mentioned above. It can be ended by the
 United States carrying out hte four steps mentioned above, which may result in
 giving (better word?) Communism complete victory and rendering
 cold war unnecessary, or it could be ended by being carried on to a successful
 conclusion if the United States would use the instruments of propaganda and the
 instruments of force which are at its disposal to put an end to tyranny and
 dictatorship ~~dictatorship~~ wherever found. Russia can end the Cold War if she chooses. We
 can end it only by surrender or by moving forward to ~~victory~~ victory.
 Conciliation does not end it ; it merely increases the chance of our ~~losing~~
 losing it.
