

French words of Welsh mostly go back
to old accusative, not the nominative.

on rhyming come from some of
acc. of same word.

an *i* under influence of *a*
umlauts to *e*, or *u* under influence
of *a* umlauts to *a*.

An important principle - but
not yet worked out, must

n67 dd - - very inadequate.

should be supplemented from
Bergstrasser and from Bauer-Scandl.

If definite article was it as
is now generally believed, the doubling
was to relieve an originally long
