

• In Satic accent shifted completely
from first to last syllable.)

// In Akkad accent was on
most sonorous syllable. & saying
that, it was on first syllable. //

(omit preteritic a for present)

102 The tendency is to drop an
initial guttural, in Semitic
languages. Heb. seems to have
made an effort to retain it - hence
gave special stress

// e ment ²² p ephod are originally
the same.

• // Sabaya ^{Shechem - EA} ~~merced~~ in

• Elmstead.
