

There is phonetic justification  
for two lengthenings. None whatever  
for the two lengthenings.

Some think latter did not  
exist in time when it was a  
spoken language. Others think  
it came in later.

Probably the two lengthenings  
came in toward end of 1st  
Millennium. In

Prob. Between 300 B.C. & 200 A.D.

In time of origin already  
present in many cases.
