

111  
□13Y2 could 2 have be and  
80 cent  
addressation of 577. It no  
probability. as the veropotentia,  
cannot be "in" for in that case  
I 37 would have to have an article  
or else it would have to be  $\frac{1}{2}$  instead  
of  $\frac{1}{2}$  #

Mar. 7, 1933

difficulty of striking the right spot  
on a long mound.  
Beyond dig base at Mineral, I found  
and dig 3 more. Found nothing in the 9's.

Keelehan along of about 10 yards by  
The tall Olive Knives a short distance  
north of house  
I believe was probably not as far south  
as I believe

Reports may not have been in  
the north of the house.
