Dear Dr. MacRae:

Thanks very much for your letter of the fourteenth. I appreciated your remarks and suggestions regarding the material on the chronology of the Book of Acts.

I am enclosing the outline of the first main point in the Apostolic History course which is the resurrection of Jesus. Since this outline will be the basis for the syllabus, I will welcome your criticisms.

The material in the form of lectures covering the theme of the resurrection of Jesus, from A through B-1-d, is also enclosed for your reading. Your suggestions by way of improvement in content and style will be surely appreciated.

I trust you are enjoying your trip in the West. Remember me to your mother in California.

With best wishes, I am

Yours sincerely in Christ,

Alfred W. Eppard
