

knowledge on the matter, you can make a ~~x~~ suggestion, and save other people of unnecessary wranglings. Or you can make a suggestion and you can present a lot of error and mistake that will be very injurious to the cause of Christ. Ch. govt. is a practical matter., it is not a matter of knowing certain great and vital things that we must stand for. But it is a matter of knowing the way to do certain things that will effect our lives very definitely.

Now what ~~x~~ we have been speaking about thus far, the matter of the determining who will preach in the particular congregation, may seem to the average minister to be a matter of comparatively little interest. Just how will I get a call to a church. How will I get a call to transfer, and on that ~~he~~ may not think it is necessary for him to bother a great deal with it. Now, as we noticed, the answer to this, there are four different approaches. Types of govt. in ~~xxxxxxx~~ relation to the answer to this problem. I want, now, to look at each of these four, briefly, it will be quite an extent reviewing what we gave, but reviewing from a different side. I want to look at each of these four from the viewpoint of its reaction to these four purposes. We looked at it last time, each of the four ~~proposes xxxxxxxx~~ purposes in relation. ~~is~~ So this will be a resume, and I hope we won't take long at it, but it is very important to have it in mind. These four types of ch. govt. The ~~fix~~ first of them, you might speak of a small a, if you want. We had A,B,C,D, the
