

a thing as govt. in the holy catholic ~~church~~ church, in the universal church. If there is, what kind of govt. is it. How is it ~~administered~~ administered. What is the govt. of the holy catholic church. We want to think of that a little bit before we go on to think of ~~the~~ the govt. of the other parts of the church. (end of ~~the~~ record)

Record 9

The assignments which I gave you for the last class, covered a survey of the whole New Testament, except for Acts and Revelation. As to what it might show regarding ~~the~~ ch. govt. And I divided it into a small number of sections ~~that~~ there were members of the class, so that some ~~sections~~ sections had two people surveying them. But there were several papers not turned in, and ~~two~~ two of those papers that were not turned in by last class covered sections which others had done, but ~~one~~ one of them ~~covered~~ covered a section which had only been assigned to one person. From those sections, from which most passages had been selected, I picked the passages which seemed to have most to do with the govt. of the church, just glancing through those papers, and assigned those to you for this time, along with the ~~study~~ study of Acts. So one paper just reached me this minute, from last time, which was by itself and had no substitute, and I notice that that one had more references than almost any paper yet. So that the material from Phil. 3 to I Thes. 5 certainly parts of it should have been included in our more intensive study for this week. I think that it would be well for you to note that, Phil 3 and 4, and Col. 1 and 3, and I Thes. 2 and 5. Note those chapters as having not been ~~covered~~ covered in our previous survey.

This semester I am not setting out to give you a lecture, a series of infallible ~~utterances~~ utterances on the true attitude to take toward ch. govt. I have tried with you to look at the evidence and to appraise the evidence, personally I feel that in an advanced class that ~~is~~ is the way to do with any subject. I am not anxious to get my theories across to you. I am anxious to have you with me look at the evidence and see what there is that is crystal clear on which intelligent people must agree. And see what there is on which
