the sin that puts us in a situation, the end of which can be nothing but eternal

death. And it tells us how we can get out of it, because there is no way that

we can get out of it, but it tells us that He x Himself has sent His own son , the

Lord Jesus Christ, that whosoever believeth on Him, might have eternal life.

And therefore, the this revelation tells us, and it is the ony only thing that can

tell us how to escape κ from the situation in which we are. And so Revelation is

one of the commonest facts of life. Revelation is one of the a most widespread

things. It is the way in which most of us get a tx tremendous part of the knowledge

that we have. It is our commonest way of getting knowledge. It is our surest way

of getting knowledge, if the Revelation comes from one who knows the Bible . Revelation

then is one of the simplest things in life but itaix also is one o-t of the most complex

things in life. It's very simple, isn't it. I give you a statement . I was born

in Calumet, Mich. Anybody can understand it , but when you stop and think, what

does that xx mean. Where is Calumet , Mich. and what ...You could ask a thousand

questions that my statement xix did not explain. There are all sorts of things that

enter in to almost any statement that we make. Revelation is very simple, but

itis tremendous complex, so God has given us a Revelation. It is worth the greatest

efforts that we can put into it tolearn exactly what is in it and what that Revelation

means. I have people say to me, Why shold should I come to Seminary and study

Greek and Hebrew and- in order to read all of these obscure parts of the Bible. I

know John 3:16 , isn't that enough. Well, I say , John 3:16 and the other parts of

the scripture that give you the same thing , are xx rather the basic ofit, a thousand

times better to have John 3:16 and nothing else andnot to have John 3:16. No --

Noxone can be saved without knew-th knowing the truth that is in Johnx 3:16, but

God wants us to have much more thatn- than John 3:16. ...That is given in brief
