

don't hesitate to go there right away. Under those great men of God, who stand for the Word of God, you can get a (2.) And I went to Princeton and found it exactly

But for those who were interested

But the faculty at Princeton Seminary was getting along in years and modernism was sweeping the United States, taking college after college, seminary after seminary, and Princeton Seminary was standing like a rock against the forces of Satan.

And during my second year there I was very good friends with Dr. Robert Dick Wilson and Dr. Machen and I

(3.) You didn't have to see what was happening. better understanding of what the forces of modernism

So that during my last two years I saw the way the assaults were made and the attacks and the efforts to destroy the testimony of that great institution. Of course they hid it. They didn't say Teaching, they said that Dr. Machen had a peculiar personality

But the move was on to destroy the witness and the testimony of the Christian seminaries and the diabolical of the faculty were participating and working actively with them. They were in a slight minority on the Board of Directors but they won an overwhelming majority of the Board of Trustees. Then the

represented the General Assembly administrative between the Board of Directors and the Board of Trustees. And the solution

And so I saw Princeton Seminary done to death. I saw that institution that for 100 years had stood as a bulwark taken over by liberals and changed. And I think five years later I had an old friend

and who became a teacher in the University of Chicago

(5.25) became head of the Department of History at Michigan St. College
