

carpets put through so that just everybody who has come in to the place since last September has remarked on how ~~it~~ nice everything looks, ;I told my wife that I felt it too bad to have it in the ~~ca~~ cafeteria which was not at all impressive nice looking like the house was the study now was. At the actual meeting Grace told me that Wendy had taken these words which she quoted to Wendy as a challenge, and proceeded to decorate the cafeteria so that it looked very nice. There were also a great many flowers and plants got for the occasion, and both it and the chapel upstairs were decorated and given a very festive appearance.
