~~ja~~ Also, at that meeting in Chicago there was one discussion at which I remember Harold Mare speaking on how very vital it was that work be done in hermeneutics. It seems to me that he suggested that things should be written and circulated for discussion. Dr. Geiser was presiding at the meeting, I ~~believe~~ believe, and it was felt by the small number that who were present there that this was a very important thing to make progress in connection with the work of the ~~XXXX~~ ICBI.X
