

Disband After Ten Years?" Dr. Grimstead at the very first meeting announcing the plan had told how they were going to have public meeting, prepare books and articles, and so on, and after ten years their work would have been accomplished and they would quit. It seemd to me extremely optimistic to think that in ten years they could change the ~~whi whole~~ whole attitude of professing Christians to an acceptance of inerrancy. It On the other hand there is no -piint in a proliferation of organizations that simply keep themselves going ind-finitely and I like this attitude that ~~they~~ they are going to do a job and complete it and close down better than the attitude that starts an organization and then always looks for excuses/ to ke-p it going.

Previous to that meeting of the council and/Advisory ~~and~~ Committee I had received large colored advertisements of the meeting that was to be held in San Diego. This was to be a public meeting. There were pictures and names of 40 or 50 very prominent Christian leaders, all of whom were to speak at these meetings. It seems to me that, if I recall correctly, that it was there was a \$50 charge for registration. When you think of They sent me maybe 50 or 100 copies of this big display ad. I didn't think there'd be many x here who would be interested in making a trip to San Diego for cack a conference. They also sent me cards for ;signing up for it. With so many speakers nobody could hear more than a comparatively few of them, but with such a great arra- of well-known it ;is easy to see how it might attxact a great many people. They mentioned a certain number, which, if they had it, would pay all expenses of the meeting in San Diego and also pay for the cost of the hermeneutics conference. I believe the heremeneutics conferece was orignally intended to be that but it was postponed another year.

Quite a bit later, one day Dr. Boice was here and we had a discussion of various matters, with a rather numerous, a considerable number ot us. This was last December, I believe, and in the course of it I referred to the hermeneutics conference which I thought had cost about \$50,00 and Dr. Boice said, "It cost \$65,000," and he said it was all paid for by the profit from the San Diego meeting.
