What warrant did it give him to talk any more positively than anyone of us on the matter of whether evolution is true or not. None whatever. But he was trained in this general area of science, and so he

he's got to either give up being a great specialist in one field, and spending tremendous amounts of time trying to be equally familiar with all, or he's got to (13).

Dr. E. Schuyler English got an article on verbal inspiration, and in this article he said, he gave a certain proof of verbal inspiration. I wrote him a letter and I said, I liked your article on this, but ~~he said~~ I said, you give this proof from Galatians, and it does not fit at all. You examine the Greek and the Hebrew as it refers to in the Old Testament, and it does not prove it at all. And I wish you would leave this out.
