Dr. Allan MacRae,
Faith Seminary
Somewhere in the USA..

Dear Friend,

I keep thinking that someday I'll trail the place to address you, but from the time I mentioned to your mother two years ago that I wanted your address, and the time I heard a flash of your having been with Mr and Mrs Francis Schaffer in Grove City, Pa, I still can't be sure where to find you even if you are President of Faith Seminary! Only those who have gone there seem to know where it is and they are not enough to spread the news! Last summer I heard of Faith Seminary three times: at Ben Lippen, at Erieside and at Detroit but none of those mentioning it knew where it was located!

So I beg of you give your students the command(!) to say "Faith Seminary of--such and such a place!" So folks will know! I've prayed for you at intervals ever since the days when Margaret loved you and went back on God as she did. I still love Margaret and thank God for you.

I know you will pardon me for bringing this up but you see it explains my personal reason for keeping track of you... not for her sake but because I have thanked God for you and prayed that your influence be for His outshinning glory.

And for this reason I'd like to help publicize the Seminary where I know the Word of God will be given in purity. Hundreds of our MBC young men are now wondering where to go and I am most eager that they shall go to Faith Seminary and I want to give some publicity to it in our magazine: The Conqueror, which will reach about 12000.

If you will give me a Bible message I'll give you some ads. Write the message directly to Young People and make it brief, please. The theme for the April number will be FAITH. I think that an appropriate time for your message, I shall need it by the first of March. If you will let me hear from you, I will send you some copies of the magazine at once. I tried to send you copies of Torch and Sword and other books which would show you about MBC but evidently they have not reached you. So please let me hear personally.

Yours in God's faithfulness,

Evelyn McClusky
