Dear Mrs. McClusky:

It was quite a surprise to receive your fine letter which was addressed in care of Mr. and Mrs. Francis Schaeffer. I have heard mention from time to time of the splendid work which you are doing, and was hoping that I would have personal contact with you again.

I shall be glad to write the article you request for your magazine. Could you give me an idea approximately what length you mean by "brief"?

I shall be interested in seeing the magazines which you have offered to send. The books of which you speak have never reached me. I would be interested in seeing them.

If you will give me an idea of the amount of space in the advertisements which you speak of, we shall send you some material.

Mother asked me to remember her very cordially to you. She has no recollection of your having asked her for my address.

When I visited Mr. and Mrs. Schaeffer last October they were full of enthusiasm about their visit with you, and their connection with the Miracle Book Clubs. They felt that it was a tremendous help to them in reaching the young people of Grove City.

I was glad to hear that you had heard the Seminary referred to in so many places, but sorry, of course, that its location was not known. I heard the statement made once that it takes about twenty years for an institution to become nationally known. This is our third year. We began with twenty-five students and have now thirty-five. We ^{have} always strictly limited our admissions to college graduates. We are trying to combine highest scholarship with constant emphasis on vital spiritual life. There are many problems which arise from time to time, but God is blessing and leading in a wonderful way.

May our Lord continue to bless and greatly to use your service to His cause.

Cordially yours in Christ,
