

an of real ability. But he was propogandizing all around, and I saw this man at the meeting, and I saw how things were going, and I said, How are you getting along with so-and-so? You've had a lot of trouble with him other places. Well, he says, You know, I found out three weeks ago he was propogandizing all around, and he was trying to get people to have a meeting, and vote me out of the pastorate, and get somebody who would come in, and he'd build the church faster by giving his whole time to it.
