

There is much on the TV these days about prisons, and the problem of fear in American cities. I could not help remembering that before the ~~US~~ U.S. entered the ~~Second~~ World War / the president declared that we must stand forthrightly for the four freedoms and one of these was freedom from fear. (Rev.21 :8)

It was said on the TV THAT MOST Americans today live in fear, that especially the elderly do not dare to walk the streets, but stay in their homes in terror of going out.

I began to think about the purpose of the system of justice. ~~It~~ ~~is~~ If talked about as ~~having~~ having as a subjective the giving of proper punishment it is farce and a ~~can~~ travesty.
